

Rhode Island Bill Targets Theft of Milk Crates

A bill (HB 1871) seeking to deter the theft of plastic crates used for bulk transportation of milk products was introduced in early March. The bill makes it unlawful for a plastics recycler to accept more than four plastic milk crates for recycling unless accompanied by proof of ownership. IDFA will continue to work with in-state allies to lobby for this bill's passage.

For more information, contact the IDFA legislative group at 202-737-4332.
